

Paddy Daddy

It is with a terribly sad heart that I write to inform you that Paddy Daddy, formerly known as Pappy, crossed the Rainbow Bridge on December 2nd 2014. He came to Mike and I (and Annie & Cooper, his beagle brother and sister) in March as a MW BREW AARB Foster. We all very quickly fell in love with him and knew that while we had never had a senior dog before we wanted the rest of his days to be his best days and we wanted him to stay with us. He became a permanent member of our Pack. It is amazing to us how much love these dogs can give in such a short time, we just didn't expect that our time with him would be so brief. However, we take some comfort in knowing that while he was with us he was one very spoiled beagle.
