

**Any beagle adopted on or after February 1, 2022:**

**Under 6 months: \$325**  
**6 months to 7 years: \$300**  
**8 years and older (AARB): \$225**

**What's Covered in the Adoption Fee?**

People often want to know why we charge an adoption fee and what that fee is for. Below is what's covered.

**For Adult Beagles:**

- Spay/Neuter
- Boarding/Food (while being spayed/neutered)
- Rabies
- DHLPP
- 4DX Heartworm Test
- Fecal Test and Treatment (if needed)
- Microchip implant (for id purposes)
- Any treatment deemed necessary by our vet

**For Beagle Pups:**

- Shots, until time of adoption
- Deworming, until time of adoption
- Spay/neuter, at 8 to 12 weeks \*
- Microchip implant (for id purposes)

As you can see, our adoption fee covers a number of costs. Your dog will be covered for all the necessary inoculations for the first year. We will send you copies of all paperwork related to any service provided to your beagle.

\* Puppies that cannot be spay/neutered at 8-12 weeks may have the procedure done by one of our authorized veterinarians at an appropriate age or you may elect to use your own vet (at your own expense). Puppies will have all shots/treatments suitable for their age.
