

An all volunteer organization

Midwest Beagle Rescue, Education & Welfare is an all-volunteer organization. Our volunteers are located throughout a six state area: Western Pennsylvania, Ohio, Michigan, Indiana, Illinois and Wisconsin. This organization could not exist without the dedicated services of our volunteers.

There is no specific time commitment to become a volunteer. When you are available to do a home visit, attend a fundraising or special event, assist with a transport or put your writing talents and office skills to good use, you just let us know.

Whether you enjoy talking to the public or prefer to be behind the scenes helping with administrative tasks or transport services, we have a place for you. All we ask is that your heart be open to helping our beagles find their "forever" home.
